SECURE DEMOCRATIC VICTORIES UP AND DOWN THE BALLOT IN CRITICAL SWING STATES

In order to elect Democrats and sweep MAGA Republicans out of office, Metrowest Blue & Beyond is partnering with Movement Voter Project (<https://movement.vote>) for a final fundraising push. MVP shares Metrowest Blue & Beyond's mission to provide funding directly to grassroots organizations in critical battleground states, with an emphasis on groups working with women, black, indigenous, and communities-of-color, Asian, trans/gender non-conforming, and others.

At this stage of the election, flexibility is key. We have selected MVP because their research team and field organizers can coordinate with local grassroots organizations in real-time to put the money where it will best be applied. They are sending money to these organizations on a weekly basis, and surging resources where they are most needed.

Fund efforts to Get Out The Vote (GOTV) and more. Funds donated to MVP will fund grass-roots resources for voter persuasion and education, escalation of key issues at the local level, building and testing effective messaging, GOTV, battling voter purge efforts, and safety/security on election day.
